

HEAT THERAPY MASSAGE DEVICE

"Light & Portable Deep Massage"

Creative Heat Therapy Massage Function

3 levels temperatures & speed adjusting

Nearly 60 instantaneous shocks per second, layers of heat waves quickly swept into the deep muscle, and the deep vitality was stimulated in the wave fluctuations.

35°C- 40°C- 45 °C

2700 rpm/min

Baking Paint

Gradient design, colorful lamp belt

Adopting the piano baking paint, the bottom is gradually changed, and the top is designed with colorful lamp belt, showing the beauty of fashion and simplicity.

Each Function Can Be Operated Independently
One button design
